Legend: WCJ-M = FIS World Cup Ski Jumping (including Ski Flying)
COCJ-M = FIS Continental Cup Ski Jumping
GPJ-M = FIS Grand Prix Ski Jumping

1. Calendar Planning, Entry and Appointment of the Competitions

1.1 FIS World Cup Ski Jumping

1.1.1 Each National Ski Association is entitled to apply to the ~~FIS Office Sub-Committee for Calendar Planning~~ for WCJ competitions (individual and team competition) by the pre-established deadline.

1.1.2 The application has to be made two years in advance and on the official FIS entry form. The application form must show the expiration date of the hill certificate.

1.1.3 If the competitions are carried out at different sites, the dates must be fixed so that there is an interval of at least one day for training between the competition dates.

1.1.4 The last WCJ event in this competition season is the WCJ final.
In connection with the WCJ final the overall WCJ prize-giving ceremony will take place.

1.1.5 Calendar planning and adjustment

The Chair of the FIS Jumping Committee ~~and FIS Race Director the Chair of the FIS Sub-Committee for Calendar Planning~~ will be allowed to adapt the World Cup calendar and technical rules in order to maximize the possibility to organize World Cup events.

1.1.6 World Cup competitions should be organized on a snow surface. However, in exceptional cases, events can also be organized on ice/ snow tracks using a plastic surface in the landing area.

1.2 Appointment of the WCJ-Events

1.2.1 The ~~FIS Race Director in consultation with the Media Rights Executive Board (Ex.Bo.) Sub-Committee Calendar Planning~~ examines:

- the suitability of the hill in question for WCJ-competitions by means of the valid hill certificate
- the suitability of the organizers in question for WCJ-competitions by means of a selections' criteria which includes, among other things, the guaranteed availability of an international TV-signal – suitable for live transmissions - for the entire duration of the competition
- number of applications from NSA for COC events that should equal the number of WC applications

1.2.2 According to the result of this evaluation and the proposed dates the ~~FIS Race Director Sub-Committee Calendar Planning~~ establishes a provisional WCJ-competition schedule for the upcoming five years. The final WCJ-competition calendar for each season requires the approval of the FIS Council.

- 1.2.3 **Snow deposit**
FIS strongly suggests that organizers of Period 3. (November & December) competitions establish a snow cache/depot of sufficient size to guarantee that the hill can be prepared in case there is inadequate snow fall or cold temperatures.

1.3 **Date Protection**

- 1.3.1 Only one WCJ-event can take place on the same date.
- 1.3.2 The International Championships (OWG + WSC) are protected as to their dates, which means that no WCJ-competitions can take place on those days.

1.4 **Cancellations**

In the events that the selected competition site cannot be used, the respective National Ski Association must cancel the event(s) and this must be done at the latest eight (8) days before the competition.

1.5 **Waxing Cabins**

The Organising Committee is obliged provide waxing and preparation cabins without any additional costs for the user.

Waxing cabins must have heat, power and internet connections, appropriate tables for waxing, hangers and racks for skis.

1.6 **Team Hospitality**

The Organizing Committee is required to provide appropriate team hospitality at the competition site(s) for athletes, coaches and service personnel. The team hospitality area(s) should be large enough to allow team members to prepare and/or relax in a secure, comfortable environment. The area(s) should be equipped with adequate seating and heating, provide healthy, warm and cold food and beverages, and have appropriate dedicated washroom facilities nearby.

2. **Participation Right in WCJ Competitions**

- 2.1 Only competitors with a valid and active FIS-Code are allowed to be entered.

2.2 **Allowed to start are:**

2.2.1 **World Cup Ski Jumping and Ski Flying individual events**

- a) Competitors, who are born in 2011, 2010 or earlier (for WC Ski Flying events competitors must be min 18 years old on the day of the first official training for the respective competition) and
- b) Competitors, who have already gained GP or WCJ-points;
- c) competitors, who have gained at least one (1) COCJ-M point of the past or of the current season

2.2.2 **World Cup Ski Jumping and Ski Flying team events**

2.2.2.1 **World Cup Ski Jumping Team event**

Four (4) competitors per team, while

- a) minimum three (3) per team, who have already gained GP or WC points or at least one (1) COCJ-M point of the past or of the current season.

b) maximum one (1) competitor per team, who has gained at least one (1) FIS Cup-M point of the past or of the current season.

2.2.2.2 Ski Flying Team Events

Four (4) competitors per team, while

- a) who have already gained GP or WC points who have gained at least one (1) COCJ-M point of the past or the current season.
- b) all competitors must be min 18 years old at the day of the first official training for the respective competition.

2.2.2.3 Super Team Events

Two (2) competitors per team, while at least one (1) of the competitors have already gained GP or WC points or at least one (1) COCJ-M point of the past or the current season.

The competition can also be organized as a Mixed Super Team event, with one athlete per gender.

3. WCJ Evaluation

3.1 Individual Competitions

1 st place	= 100 points	16 th place	= 15 points
2 nd place	= 80 points	17 th place	= 14 points
3 rd place	= 60 points	18 th place	= 13 points
4 th place	= 50 points	19 th place	= 12 points
5 th place	= 45 points	20 th place	= 11 points
6 th place	= 40 points	21 st place	= 10 points
7 th place	= 36 points	22 nd place	= 9 points
8 th place	= 32 points	23 rd place	= 8 points
9 th place	= 29 points	24 th place	= 7 points
10 th place	= 26 points	25 th place	= 6 points
11 th place	= 24 points	26 th place	= 5 points
12 th place	= 22 points	27 th place	= 4 points
13 th place	= 20 points	28 th place	= 3 points
14 th place	= 18 points	29 th place	= 2 points
15 th place	= 16 points	30 th place	= 1 point

3.1.1 In case of equality in points between competitors, each athlete receives the points corresponding to the rank (the following place is omitted).

3.1.2 A minimum of eight (8) National Ski Associations must participate if a WCJ competition is to count for the WCJ evaluation.

3.1.3 World Cup Standing

The WCJ points of all individual competitions of the current season will be counted for the WCJ overall winner.

If two (2) or more competitors have the same number of points at the final evaluation, the order will be determined according to the highest number of individual victories resp. according to the successive ranks in FIS World Cup events.

If the competitors are still equal, the starting order will be drawn.

3.1.4 The current leader of the WCJ overall evaluation receives the "World Cup Leader bib", which he is allowed to keep. The "World Cup Leader bib" has to be worn by the leader at the WCJ-event, at the official winner's ceremony and at all official trainings.

3.1.5. The best ranked U23 athlete (born in 2004 or later) receives the U23 bib that is awarded at the prize-giving ceremony and must be worn at all official rounds.

3.2 Team and Mixed Team Competitions

1st place = 400 points

5th place = 200 points

2nd place = 350 points

6th place = 150 points

3rd place = 300 points

7th place = 100 points

4th place = 250 points

8th place = 50 points

3.2.1 In case of equality of points of teams, each team obtains the points corresponding to the rank. The following place is omitted.

3.2.2 At least eight (8) National Ski Associations must participate if a WCJ team competition is to count for the WCJ Nations' Cup.

3.2.2.1 Only teams, which entered four (4) athletes according to art. 2.2.2 and currently physically present on site of the event, can be entered for respective team or mixed team competition.

3.2.3 Starting order in team competitions:

The starting order will be based on the reverse order of the actual World Cup Nations' standings. The starting order for Mixed team competitions will be based on the reverse order of the sum of the actual World Cup Nations Standings (W+M). Due to organizational reasons the result of an individual competition carried out on the same day may not be considered for the starting order.

3.2.3.1 In the second round, only the leading eight (8) nations from the first round are entitled to start. Before the start of each group in the final round, there will be an info break, where the start order for next group will be sorted into reverse order of the current standing.

3.2.4 Super Team competitions

Starting order in Super Team competitions:

The starting order will be determined as follows:

- Group I: draw (for those NSAs that have not scored points in the current season)

- Group II: reverse order of the actual World Cup Nations' standings. Due to organizational reasons the result of an individual competition carried out on the same day may not be considered for the starting order. Every team consists of two (2) athletes, that are included in two (2) different groups. Every NSA has the right to enter one (1) team in the event.

The competition consists of three (3) rounds. In the first round all the entered teams have the right to start, by group. After the first round, only the best twelve (12) teams are qualified for the second round. The break after the first round should be 10 minutes.

The second round start order is again based on groups (first all the athletes of group one, then the athletes of group two). After the second round only the best eight (8) teams are qualified for the final round. The break after the second round

should be minimum 10 minutes. In the final round both groups start into reverse order of the current standing.

The ranking is determined by adding the scores of all jumps of the athletes each team.

If less than eight (8) NSAs are entered at least 13 days before the Team Event, FIS has the right to adjust the format of the competition to a Super Team format.

Until ten (10) days before the event, NSAs with less than two (2) athletes entered for the mentioned event can adjust their entry and add an extra athlete for the mentioned Super Team format.

For Nordic World Ski Championships and Ski Flying World Championships the respective deadlines of the given rules have to be respected.

3.2.4.1 Super Teams Competitions

1 st place = 200 points	7 th place = 60 points
2 nd place = 160 points	8 th place = 50 points
3 rd place = 120 points	9 th place = 40 points
4 th place = 100 points	10 th place = 30 points
5 th place = 80 points	11 th place = 20 points
6 th place = 70 points	12 th place = 10 points

3.2.5 WCJ Nation Cup

The sum of the points of all competitors from one nation of all WCJ competitions (Men) of the current season – including the points of the team and share of Mixed team competitions – will be taken into consideration for the WCJ evaluation per nation.

In case of an equality of points in the WCJ nations' evaluation, the better ranking order of the different competitions (individual as well as team competitions) will decide.

4. WCJ-Competitions

4.1 Number of Participants for the National Ski Associations

As principle, the number of participants is determined in accordance with the type of event (single Men events, joint Men and Women events or Four Hills Tournament).

The number of participants will be calculated periodically according to:

- the World Ranking List (see art.4.1.1)
- the standings of the actual Continental Cup-Men period
- result of the individual competition in the JWSC (top-3 athletes only)

The basis for the calculation is:

- the top 45 competitors in the World Cup Allocation List (see art. 4.1.2) that is based on the World Ranking List (with a maximum of five (5) athletes per nation)
- the top 3 of the COCJ-M period, with a maximum of one (1) athlete per nation.
If two or more competitors have the same number of points at the end of the period, the order will be determined according to the highest number of individual victories resp. according to the successive ranks in FIS COC events.
- the top 3 athletes of the Individual competition at the JWSC (with a maximum of one (1) quota per NSA; by nation, not nominative); quota valid for the entire period after the individual competition at the JWSC until the week before the following JWSC; respective NSA is allowed to use the quota for another athlete fulfilling the age criteria of the respective JWSC

Additional Quota

According to the different type of event (single Men events, joint Men and Women events or Four Hills Tournament), additional quota places are included.

However, quota is limited to a maximum of **seven (7)** athletes per nation.

4.1.1 Additional Quota for Single Men Events

- two (2) athletes for the nations with one (1) or two (2) athletes in the top 45 of the World Allocation List;
- one (1) athlete for the nations with three (3) athletes in the top 45 of the World Allocation List
- ~~- However, quota is limited to a maximum of 7 athletes per nation.~~
- Apart from the nations' quota (according to the ranking list), each nation which has gained at least one (1) individual or team competition point during the past or the current competition season shall have a basic quota of two (2) athletes.

4.1.2 Additional Quota for Joint events Men and Women

- two (2) athletes for the nations with two (2) athletes in the top 45 of the World Allocation List;
- one (1) athlete for the nations with one (1) or three (3) athletes in the top 45 of the World Allocation List;
- Apart from the nations' quota (according to the ranking list), each nation which has gained at least one (1) individual- or team competition point during the past or the current competition season shall have a basic quota of one (1) athlete.

4.1.3 Additional Quota for Four Hills Tournament

- one (1) athlete for the nations with basic quota, one (1) or two (2) athletes in the top 45 of the World Allocation List

4.2.1 FIS World Ranking List

The quota calculation will be done according to the World Ranking List which is established according to the following criteria:

- The points system is the same as for the World Cup ranking (1st rank 100 points, 30th rank one (1) point).
- The competition results of the five (5) periods of the past World Cup season will gradually be replaced by the competition results of the five (5) periods of the current World Cup season.
- This updating procedure is repeated after each of the periods, so that the five (5) most current periods are used to calculate the World Ranking List.
- In addition, the competition results of the SGP (two (2) periods) will be considered for the calculation of the nation's quota.
- The nations' quota is valid for the entire period that follows and is not affected by actual competition results.

4.2.2. World Cup Quota Allocation List

The payment of the travel expenses will be done according to the World Cup Allocation List which is established according to the following criteria:

- The top 45 competitors of the World Cup Quota Allocation List based on the World Ranking List will be taken into consideration for the quota
- The top three (3) of the COCJ-M period

The allocation will be made by assigning one (1) quota place per athlete beginning from the start of the World Ranking List standings and moving downwards. Once a Nation has achieved the maximum number of five (5) quota places, its remaining athletes will no longer be counted and the Nation with the next eligible athlete on the World Ranking List will be allocated a quota place until a total of 45 athletes have been reached. If there is a tie for the final allocated quota place(s), all the athletes for his place will be included for the following period.

4.2.3

Division into periods

PERIOD 1.	01.08.2026 -09.08.2026	Wisla – Courchevel
PERIOD 2.	19.09.2026 - 25.10.2026	Rasnov - Klingenthal
PERIOD 3.	20.11.2026 - 20.12.2026	Lillehammer – Engelberg
PERIOD 4.	29.12.2026 - 06.01.2027	Oberstdorf – Bischofshofen
PERIOD 5.	16.01.2027 - 31.01.2027	Zakopane – Willingen
PERIOD 6.	06.02.2027 - 21.02.2027	Lake Placid - Vikersund

Same quota rules as for single events will apply in terms of participation.

***TEAM EVENTS included in the competition programme**

4.2.4

Starting quota in the official training

Each National Ski Association is allowed to enter the number of athletes according to their nation's quota, but no more than seven (7) as a maximum.

The number of athletes is determined in accordance with numbers laid out in art. 4.1 and following.

~~Nations with quota one or two are allowed to enter up to two (2) additional athletes.~~

~~Nations with quota three are allowed to enter one (1) additional athlete.~~

~~Nations without a quota at all or with a basis quota (see art. 4.1) are allowed to enter up to two (2) athletes as a maximum.~~

The National Ski Association of the organizing country has the right to enter an additional National Group (group I) up to a maximum of four (4) athletes for the official training and the qualification round. The maximum starting quota of the National Ski Association of the organizing country is therefore eleven (11) athletes for the official training and the qualification round, and all other participating nations may enter up to a maximum quota of seven (7) athletes.

However, if an event program includes a super team or team competition, the participating nations with less than two (2) (for super team) or four (4) (for team) starting quotas for the official training are allowed to enter up respectively to two (2) or four (4) athletes as a maximum for the individual competition as well, under the condition that they fulfil the art. 2 (Participation right at WCJ competitions)

If more than two (2) WCJ-competitions are planned to be carried out in one country, the hosting National Ski Association is only entitled to enter a National Group in a maximum of two (2) events (valid only for WCJ). For the SGP-series this right is reduced to one competition. This limit will not be applied to competitions replaced from another host country.

4.2.5 Starting quota in the competition

A qualification round reduces the number of competitors to 50, resp. to 40 at Ski Flying events.

4.2.6 To beat and green laser line

For WCJ-M competitions (individual, team, qualification, prologue) it is mandatory to use the “to beat – green laser line” of the official Data Service Provider.

4.2.7 Start Time Control

For WCJ men duration of yellow phase of start procedure can be between 10 and 60 seconds.

4.2.8 Transponders and Motion Sensors

Whenever the service is provided, all competitors must use the sensor during official trainings, qualification and competition rounds.

Transponders and Motion Sensors delivering live and recorded data that are provided by the official data and scoring provider and approved by the FIS must be fastened to the front part of the bindings by the competitors in official trainings and competitions for some events. Transponders and Motion Sensors deliver external data from competitors such as speed and positioning. The service will be provided by the official timing and data provider and the generated data must be provided to the NSAs and the FIS free of charge.

4.3 Competition Mode and Starting Order

4.3.1 WCJ-competitions

As a rule, a jumping competition consists of:

- the official training
- a qualification and/or
- a trial round
- two scored rounds.

In case of joint Men and Women events, the competition format can be adjusted with the cancellation of qualifications and /or trial rounds

4.3.1.1

For the official training, the qualification and the first scored competition round the competitors will be divided into three groups.

The number sequence of the groups is as follows:

- Group I of the organizing country
- Group II (athletes without WCJ points)
- Group III (athletes with WCJ points).

In case of joint Men and Women events, the start list on the second day can be determined according to the final ranking of the competition of the previous day.

4.3.1.2.

The starting order within the group will be determined as follows:

- Group I: draw or seeding through the organizing country
- Group II: draw
- Group III: reverse order of the actual WCJ standings. For the first WCJ competition of the season, the final WCJ standings of the past

season is decisive. In Ski Flying, up from the second WC competition in Ski Flying the standings of the actual Ski Flying World Cup is decisive. As soon as athletes appear in the World Cup Standings they are seeded in group III according to their ranking.

After the formation of the Seeded Group I and II, the Jury can make the draw before the official training. The team captains must confirm the draw at the next team captains' meeting.

In case of only one official training for two competitions carried out on the same hill (individual and team competitions or two individual competitions), only the single quota is allowed to start.

The competition schedule has to be published together with the invitation for the competition. Changes can be made by the Jury in case of „force majeure.“

4.3.1.3 Qualification round

4.3.1.3.1 Qualification Ski Jumping

The qualification round reduces the number of participants to 50.

All jumpers must participate in the qualification round. The total score counts for the result.

A jumper, who has reached 95 % of the maximum length of the longest jump by the jumpers who have to qualify but has a fall, has the right to participate in the competition in addition to the 50 (If the wind/gate compensation is used, the compensated distance is the basis). In case the number of participating athletes is 50 or lower, a Prologue competition round must be organized.

Joint Men's and Women's Event

When Men's and Women's events are held together, a special competition format may apply. No Qualification round will take place for the second individual competition and the start list for the second competition will be based on the reverse order of the results from the first competition.

Use of the National Group (max. 4 athletes)

Scenario 1 - National Group entered only for the first competition

If any athletes from the national group finish in the top 50 in the first competition, they will be removed and the next non-national group athletes (51st, 52nd, etc.) will replace them up to a total of 50 athletes.

Scenario 2 - National Group entered for both competitions

If any athletes from the national group finish in the top 50, they will be removed from the start list for the next competition and added back after the remaining athlete count reaches 50.

4.3.1.3.2 Qualification Ski Flying

The qualification round reduces the number of participants to 40. All jumpers must participate in the qualification round. The total score counts for the result.

If the host nation has not at least four (4) athletes or more within these 40, it is entitled to enter up to four (4) in addition for the first competition round.

A jumper, who has reached 95 % of the maximum length of the longest jump by the jumpers who have to qualify but has a fall, has the right to participate in the competition in addition to the 40 (If the wind/gate compensation is used, the compensated distance is the basis).

4.2.1.3.3 **Non qualified athletes**

Non-qualified athletes cannot be nominated by teams as fore jumpers for the respective competition if another individual competition of the series is scheduled for the same competition weekend / event / place.

The Jury is allowed to nominate fore jumpers from the non-qualified athletes in exceptional cases.

4.3.1.4 In extreme cases (for example limited training jumps, change of the in-run, lack of time, difficult weather conditions) the Jury can decide on a qualification round or a trial round.

4.3.1.5 **Trial round**

If the qualification round is not held at all or not held on the competition day, a trial round should be carried out before the first scored round (exception see ICR art. 452.2.2)

4.3.1.6 For the first competitive round, only the 50 best (resp. 40 in Ski Flying) jumpers are admitted. In case of a tie in the last qualified place of the qualification round, the total number of participants will increase accordingly. The total number of participants will be filled up to 50 (resp. 40 in Ski Flying), (plus tied jumpers in the last qualified place or/and jumpers who have reached 95 % of the maximum length but had a fall, according to art. 4.2.1.3).

4.3.1.7 For the second competitive round (final), only the top 30 of the first competition round are qualified (plus jumpers tied at the last qualified place). They start with the same start number but in reverse order of the collective points score from the first competitive round.

4.3.1.8 A jumper, who has reached 95 % of the maximum length of the longest jump by the jumpers who have to qualify but has a fall, has the right to participate in the competition in addition to the 30 (if the wind/gate compensation is used, the compensated distance is the basis).

4.3.1.9 The final round should start 20 minutes after the end of the first competition round. The jumpers who are not at the start on time are DNS.

4.3.1.10 **World Cup Final**

At the final of the World Cup season (NH, LH, FH), only the present top 30 ranked competitors of the current World Cup overall standings may start on the last individual competition day, within the maximum number of athletes included in the WC quota per NSA at the time of the final. If the host nation has less than four (4) athletes within these 30, it is entitled to enter up to four (4) in total. Starting order is according to the overall individual World Cup ranking before the final event.

4.3.2 **KO System**

The Jumping Committee is entitled to modify the above mentioned rules for the qualification and competition rounds.

Based on a decision of the FIS Jumping Committee and with the approval of the FIS Council with the new modus, the number of participants in the first competition round will be reduced to the half (25 participants) for the final round by a comparison of performance in pairs (KO system) and filled up to a total of 30 participants with the five (5) athletes (best loser) who have reached the best total score points.

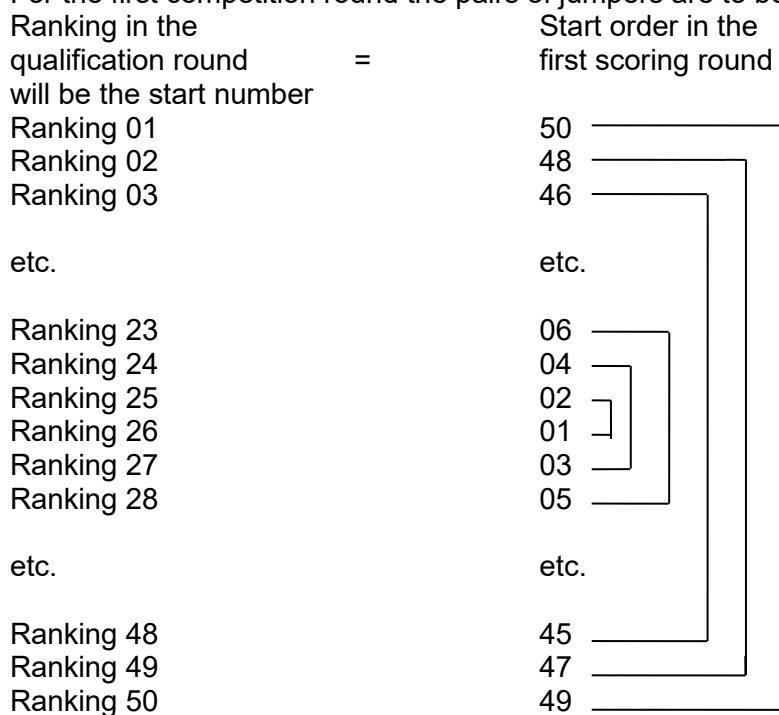

4.3.2.1 The qualification round will be carried out in the same way as up to now, with one exception that the score (the total score points achieved) is not only decisive for the participation in the first competitive round but also for the starting order. The qualification round should be carried out the day before.

4.3.2.2 The first competition round is contested by 25 pairs of jumpers so that exactly 50 athletes have to be selected in the qualification round. It is therefore not possible to increase this number in case of several competitors in equal last places or maximum distance with a too low total score because of a fall. In order to respect fairness and to ensure a clear decision, the following rules are to be observed:

4.3.2.2.1 If two or more jumpers obtain the same total score in the Qualification round, the athlete with the higher start number will be ranked in the better position (see ICR art. 433.4).

4.3.2.3 Based on these rules, the following system is in place for the ranking of the qualification round:
Based on the total scores achieved, first a normal ranking from positions 1 to 50 is to be established.

4.3.2.4 For the first competition round the pairs of jumpers are to be established as follows:

4.3.2.5 The pairs will start in the following order:

Start no. 26	against start no. 25	as 1 st pair
Start no. 27	against start no. 24	as 2 nd pair
etc.	etc.	etc.
Start no. 49	against start no. 02	as 24 th pair
Start no. 50	against start no. 01	as 25 th pair

4.3.2.6 As a result of the comparison in pairs the jumper with the better total scoring reaches the final round. If the two jumpers competing against each other achieve the same total score, the jumper with the lower start number will advance.

- 4.3.2.7 The 25 athletes who have qualified for the final in the KO elimination will participate in the final round. In addition, there are five (5) losing jumpers who have the best total scores. In exceptional cases of a lower number of winners, the number of losing jumpers will be increased. The number of participants for the second round can also be increased through tied jumpers on the last qualified place or/and jumpers who have reached 95 % of the longest jump (art. 4.2.1.3) but had a fall (if the wind/gate compensation is used, the compensated distance is the basis).
- 4.3.2.8 The starting order in the final round results from the reverse ranking order of the total scores in the first scoring round.
In case of equal total scores, the jumper with the higher starting number will jump first.
The overall score of the competition is determined by the total scores from both competitive rounds, i.e. the sum of both total scores.
- 4.3.3 **Ski Flying competitions**
The WCJ-events in Ski Flying have to be carried out according to the World Cup rules for Ski Jumping as well as according to ICR art. 454.
- 4.4 In order to guarantee that actual and appropriate information on the Jury's decisions regarding the competition is given to the media and TV representatives as well as to spectators at the jumping hill, the competition management has the duty to forward corresponding information to the media representatives and the announcer. The Race Director of the FIS is commissioned with this task.
- 4.5 For all WCJ competitions, the use of video-distance-measuring and a wind and gate competition system according to the special regulations established by the FIS Jumping Committee is mandatory.
- 4.6 **High Five format**
The number of participants from the first competition round will be reduced to 20 participants for the final round by a comparison of performance in groups of five (5) or less athletes and filled up to a total of 25 participants with the five (5) athletes (best loser) who have reached the best total score points. Five (5) additional jumpers are the best 5 ranked non-qualifiers across all groups (lucky loser).
- 4.6 .1 The athletes are entered in the competition according to the result of the qualification, with a maximum of 50 athletes. Starting order is based on a "snake format" as outcome of the ranking of the qualification.
For the first competition round the groups of jumpers are to be established as follows:
Group I:
Includes athletes ranked: 50th, 31st, 30th, 11th, 10th
Group II:
Includes athletes ranked: 49th, 32nd, 29th, 12th, 9th
Group III:
Includes athletes ranked: 48th, 33rd, 28th, 13th, 8th
Group IV:
Includes athletes ranked: 47th, 34th, 27th, 14th, 7th
Group V:

Group X:

Includes athletes ranked: 41st, 40th, 21st, 20th, 1st

4.6.2 The first competition round is contested in ten (10) groups of five (5) jumpers each so that exactly 50 athletes have to be selected. It is therefore not possible to increase this number in case of several competitors in equal last place or maximum distance with a too low total score because of a fall.

If there are fewer than 50 athletes, some groups will contain fewer than five (5) jumpers. These groups will still follow the same qualification system.

In order to respect fairness and to ensure a clear decision, the following rules are to be observed:

4.6.2.1. If two or more jumpers obtain the same total score in the previous competition, the athlete with the higher start number will be ranked in the better position (see ICR art. 433.4).

4.6.2.2 As a result of the comparison in groups, the two (2) jumpers with the better total scoring in each group reach the final round. If three (3) or more jumpers competing against each other achieve the same total score, the jumper with the higher current World Cup points will advance.

4.6.2.3 The number of participants from the first competition round will be reduced to 20 participants for the final round by a comparison of performance in groups of five (5) or less athletes and filled up to a total of 25 participants with the five (5) athletes (best loser) who have reached the best total score points. The five (5) additional jumpers are the best five (5) ranked non-qualifiers across all groups (lucky loser). In total 25 jumpers.

In exceptional cases of a lower number of winners, the number of losing jumpers will be increased. The number of participants for the second round can also be increased through tied jumpers on the last qualified place or/and jumpers who have reached 95 % of the longest jump (art. 4.2.1.7) but had a fall (if the wind/gate compensation is used, the compensated distance is the basis).

4.6.2.4 The starting order in the final round results from the reverse ranking order of the total scores in the first scoring round. In case of equal total scores, the jumper with the higher starting number will jump first.

In the final round ~~all~~ athletes will start in reverse order according to the score of the first round with zero points. Final standings are determined ~~solely~~ by total score of both rounds ~~the performance in the final round, regardless of previous results.~~

In case of the cancellation of the final round, result after first round will count as final result.

The payment of the EUR must be done electronically by bank transfer latest seven (7) days after the last competition or receiving the bank information to the respective athlete's bank account, taking into consideration the local tax laws. For conversion into the currency of the athletes account, the actual bank rate at the time of the bank transfer is applicable.

The conversion from Swiss Franc, Euro or US Dollar to the currency of the bank account of the Athlete will be based on the daily rate of the Athlete's bank. There will be no compensation for an unfavourable exchange rate. Potential bank charges due to the transfer or due to the exchange of the currency are not getting compensated or off-set.

A one-time late payment charge of CHF 999 will apply to LOC from the 31st day after the last competition day or receiving the bank information, for each late

payment to each individual athlete. Excluded from this is a delay due to wrong or missing bank account information as provided by the Athlete. Also excluded are delays due to special regulations that require an individual TIN (Tax Identification Number) or similar.

NSAs are responsible for entering the personal bank information for each athlete using the Athlete Registration module in the FIS Member Section. The date of submission of bank details to the LOC is valid for the above deadlines for the LOC to execute payment.

Receipts must be provided to the athlete electronically and a copy needs to be transmitted to FIS latest three days after the final competition at the respective venue. Bank transfer fees, including any applicable value added tax (VAT) to those fees, as charged by the local bank must be covered by the LOC. Any banking fees levied by the recipient's bank, including taxes charged upon those fees, are the expense of the athlete. Any supplementary expenses that occur due to incorrect declaration of banking details will be charged by the LOC against the sum of money (respective prize money) that is to be paid out.

Any withholding tax required by local law, can be deducted by the LOC from the prize money. This information with the amount must be stated on the receipt transmitted to the athlete. The athlete is responsible for any applicable withholding/income taxes.

The LOC must assist the athlete with matters relating to taxation of prize money in the country in which the competition is held including but not limited to evidence of the taxes withheld.

Prize money distribution in case of tie between two or more athletes

In the case of a tie result, prize money of the respective athletes will be added, divided respectively between by the athletes on the same rank.

5.2 FIS World Cup Trophy

- The winner of the Overall FIS World Cup (including all individual Ski Flying respectively all individual Ski Jumping World Cups) receives the big World Cup trophy, which will be provided by the FIS.
- The winner of the Overall FIS World Cup Ski Flying (including all Individual Ski Flying events) receives the small World Cup trophy, which will be provided by the FIS.

5.3 FIS World Cup Medals

- The first three competitors of the FIS World Cup Ski Jumping receive a FIS World Cup medal.
- The first three competitors of the FIS World Cup Ski Flying receive a FIS World Cup medal.
- The winner of the Overall FIS U23 (including all individual Ski Flying respectively all individual Ski Jumping World Cups) receives a medal, which will be provided by the FIS

5.4 FIS-Nations' Cup-Trophy

The winner of the FIS-Nations' Cup receives the FIS-Nations' trophy.

5.5 Provision of Awards

The trophies and medals will be provided by the FIS.

5.6 Presentation

The awarding ceremony for the overall winners will take place in connection with the World Cup Men's final.

6. Reimbursement of Expenses

6.1 Nations' Quota for the Reimbursement of Expenses

The national quota for the participating nations will be determined as follows:

A World Cup Allocation List will be established using the results from the Summer Grand-Prix and WCJ competitions (art. 4.1).

From this World Ranking List will be included at the end of each of the seven (7) periods:

- the top 45 competitors in the World Cup Allocation List (with a maximum of five (5) athletes per nation)
- the top 3 athletes of the current COCJ-M period,
- as well as a basic quota that consists of one (1) athlete plus two (2) coaches for at least 2 x 7 periods. This is therefore also valid for points obtained from the GP.
- additional quota from JWSC (art. 4.1) are not entitled to any travel and accommodation reimbursement
- Each National Ski Association has the right to be reimbursed for a maximum of six (6) athletes.
- The number of officials that have to be covered will be determined according to the following standards:

Key for the quota of officials:

One (1) or two (2) athletes, two (2) officials in quota + one (1) official with only full board accommodation (no travel reimbursement)

Three (3) or four (4) athletes, three (3) officials

Five (5) or six (6) athletes, three (3) officials + one (1) official with only full board accommodation (no travel reimbursement)

6.2 The following must be paid to the teams according to the quotas determined in art. 6.1 for the reimbursement of expenses of the National Ski Associations.

6.2.1 Accommodation

Room and full pension in a good hotel in the competition resort for the duration of the event, beginning one night before the first official training resp. the following night after the last competition. An invitation and information packet must be sent by the organiser to each National Ski Association at least 10 weeks before the competition. Preliminary entry deadline is eight (8) weeks before the date of the Team Captains' Meeting for each respective event. Participating teams must enter their competitors prior to the published entry deadline. By doing so, the team secures their required number of booked room reservations.

For booked room reservation not used, the organiser has the right to demand a cancellation fee from the National Ski Associations (exception is a reduction of the number of athletes due to quota change):

- Until 14 days before the Team Captains' meeting: Teams and SRS can change their bookings by adapting the preliminary entry. Cancellation (entire team or only some rooms) is free of charge for 25% of the rooms booked.
- Between 13 until 8 days before the Team Captains' meeting: Teams and SRS have to provide their final entry to the LOC latest 8 days before the Team Captains' meeting of the event. The LOC has the right to charge a cancellation fee with a size tolerance of 10% (cancellation free of charge for 10% of the rooms booked).

- Between 7 days and until the end of the events (departure date chosen by the team): The LOC has the right to charge a cancellation fee. The amount of cancellation fees should be announced for each venue in the event program on the FIS website.

In case reimbursement of travel expenses for the nations concerned occur, the organiser has the right to deduct the cancellation fee directly from the reimbursement of the travel expenses.

By no means is the organiser or the hotel management allowed, without agreement of the team captain, to demand vacating of the rooms on the day of the competition. For nations with starting quota four (4) or more two (2) single rooms have to be provided.

For competitors and officials not included in the quota, the Organising Committee has to provide accommodation and meals at least 25% below the normal price at the place in question, whereby CHF 125.— is the maximum price per person in a double room and CHF 160.- per person in a single room.

When an event programme includes a team competition, all participating nations are allowed to enter up to a number of four (4) athletes. Two (2) additional travel expenses quota and accommodation for extra quota athletes (up to four (4) have to be provided by the Organiser for the entire duration of the competition (weekend and tournament) for those teams that have less than four competitors in the reimbursement quota system.

ATTENTION: If a team has one (1) athlete + two (2) officials of two different genders (one (1) man + one (1) woman) the LOCs have to provide three (3) single rooms. Teams have to inform LOCs about this request.

Due to the special part of the season, a special deadline applies for Four Hills Tournament (Garmisch-Partenkirchen). Teams need to confirm accommodation latest on 20th December.

Official representatives of registered supplier companies are allowed to receive accommodation at the prize of CHF 125.- per person in double room and CHF 160.- per person in a single room. Maximum number of representatives is two (2).
